On December 17, 2020, the Doctoral College of Université Grenoble Alpes is organizing a welcome day (bilingual event) for all first-time doctoral students in two parts: in the morning a meeting with the doctoral schools, and in the afternoon a discovery of all the services of the Doctoral College and more broadly of the University and its partners via a large online game in the form of a journey to the heart of the campus.

Who's it for?

All first-year PhD students enrolled in 2020 to start their thesis.

Why?

To get a good start on your doctoral curriculum and to understand the university environment, take part and discover the actions and services offered by the Doctoral College and the University (education, culture, career development, health...)

How?
BEGINNING OF UNIVERSITY YEAR FOR THE DOCTORAL SCHOOLS

MORNING and AFTERNOON (after 4h PM)

AFTERNOON

GREAT ESCAPE GAME
On registration, more details below

The hunt for answers starts now...

Large-scale Escape Game - on December 17, 2020 at 2 p.m., a Journey through the Heart of the Campus

"We have just received a message signed by an enigmatic Mr. A at the Doctoral College. He presents himself as a lover of knowledge coming to help new doctoral students. For this, he has deposited a present on campus. Unfortunately, we do not find the old plans of the University. We have contacted you, the new doctoral students, because this present is intended for you. We invite you to visit the different departments of the Faculty. You will surely find clues that will allow you to find the present and to identify Mr. A to thank him. We have prepared a list of services that can help you and people who may be hiding under Mr. A's pseudonym.

Good Luck"

Registration

Registration required, limited seats!

>>& Welcome day reserved for PhD students registered in 1st year of thesis in 2020 <<
